To Whom It May Concern:

I have the opportunity to work with Kenny Buzo in a direct care setting on a very busy medical unit at Oakwood Taylor. Kenny's work is exemplary and complete. He is conscientious and delivers care to patients with compassion and integrity. Kenny is a motivated team player; involved in unit council, a champion for a quality improvement project on the unit and, most importantly, an asset to have around when things get tough.

It is my pleasure to recommend Kenny for any position he should pursue. I am certain you will not be disappointed in his work. As a senior nurse, I have been repeatedly impressed with Kenny's passion for his career. I am available for any questions you may have at (313) 274-0623.

Sincerely,

Annette F. Sherry R.N., B.S.N.
