

Through our **Everyday Hero** program, we'll celebrate the caregivers you designate with a personalized card, lapel pin, and other recognition. Your gift to recognize your **Everyday Hero** is optional, but Oakwood's needy patient and community benefit programs need your contribution to continue helping families right here in our neighborhood. Your **Everyday Hero** will be notified of your special tribute, with no mention of your gift amount.

Physician, nurse, employee or other caregiver Kenny Buzo - Nurse
Oakwood facility/department Heritage Hospital - 2nd floor
Comments and compliments I don't like going to the hospital let alone staying overnight. The one nurse that stood out to me was Kenny because he helped me reconsider staying overnight when I wanted to leave before the doctor said it was okay. I'm thankful that he helped me w/my fear of hospitals & that he did everything he could to make my stay comfortable!
